The First Detachment Went Ashore at Daiquiri Yesterday.

BUT LITTLE RESISTANCE

Spaniards Didn't Cause Very Much

ONE MAN ON THE TEXAS KILLED

American Ships Shelled the Place Before the Landing-Telegraphic Communication Established Between Daiquiri and Guantanamo.

WASHINGTON, June 23 .- Official diseived last night by both See retary Alger and Secretary Long indicated that the landing of troops near Santiago was progressing most favorably. The first landing was effected at Daiquiri yesterday morning and met with comparatively slight resistance. This was stated in a dispatch received from General Shafter last night by Secretary Alger, which, though brief, was

full of news and meaning. It follows: "PLAYA DEL ESTE, Off Daiquiri, Cuba, June 22.—Landing at Daiquiri this morning successful. Very little if

any resistance."
Secretary Alger expressed himself as delighted at the expedition with which the landing of the troops was being effected and with the fact that no serious instacle was being offered by the enemy. He construed the text of General Shafter's message to mean that the enemy had made merely a nominal and ineffective resistance by firing from the hills at long range.

Shortly after Secretary Alger received his dispatch Secretary Long receiv ed a more extended cable from Admiral Sampson. It, too, was dated at Playa del Este, at 6:50 yesterday evening. The text of the dispatch translated from the navy department cipher is as follows:

Landing of the army is progressing favorably at Dalquiri. There is very little if any resistance. The New Orleans, Detroit, Castine, Wasp and Suwannee shelled the vicinity before the landing. We made a demonstration at Cabanas to engage the attention of the enemy. The Texas engaged the west battery for some hours. She had one man killed. Ten submarine mines have been recovered from the channel of Guantanamo. Communication by telegraph has been established at Guanta-

In both army and navy circles the information contained in the dispatches of General Shafter and Admiral Sampson was received with intense satisfaction. The landing of so large a body of troops as General Shafter's army is a task of immense proportions. A prominent official of the war department said last night that the complete debarkation of the troops, animals, field guns and supplies within a week after their arrival off the Cuban coast would be a task well accomplished. It is probable, in the opinion of the officer referred to, that only a partial landing of the troops was effected yesterday and that the landing will be continued from day to day until completed. It is not unlikely, too, that the troops will be landed at several places along the coast. of course within a short distance of the headquarters which General Shafter will establish for himself.

Admiral Sampson's dispatch indicated that he was carrying out his instructions thoroughly to clear a way for the landing of troops. The demonstration which he made with the Texas before Cabanas, which is just east of Guantaname, may easily have led the Spaniards to suppose that a general landing was to be attempted in that immediate vicinity. It was evident from the text of Admiral Sampson's dispatch that a considerable landing had already been effected near Guantanamo, as he noted that communication by telegraph had been re-established at that point and that the channel had been cleared of submarine mines. In the opinion of naval officers the landing at Guantanamo was of marines rather than of land

The cable stations through which the American commanders will communicate with the departments in this city has been established, as shown by the dates of the dispatches received last evening, at Playa del Este, a smail place directly on the coast and about 15 miles east of Santiago. The change was made from Camp McCalla to Playa del Este in order that the station might be nearer the scene of action.

TO RE-ENFORCE SHAFTER.

Troops Have Left Camp Alger For San-

WASHINGTON, June 23.-The reenforcement of General Shafter actually began yesterday in the departure of a regiment and a battalion of the troops at Camp Alger for Santiago. They go to Newport News and then by steamer direct to Santiago, II the expectations of the projectors of this movement are realized, these troops are likely to occupy actually less time in the passage than did the first contingent which left Tampa directly, not-withstanding the distance is twice as long. Formal orders were issued placing General Guy V. Henry in charge of the new division of troops composed of Duffield's and Garretson's brigades, which are to form part of the new division. Probably some of the troops som at Tampa will be attached also, to which case they yill be dispendent to

one of the best cavalry leaders in the army, possibly in the world. It is evident from the nature of General Miles. advices that in addition to the troops now landing, as it is supposed, not fat from Playa del Este, on the east side of Santiago bay, the second landing is going on at a point just about the same distance west of the harbor entrance The two divisions probably will be push ed forward steadily to take the town of Santiago on either flank, while to Garcia's and Rabi's insurgents may be left the task of making the attack in the rear.

The distance on the west side is slightly greater than on the east, but it probably is not greater by either route than 15 or 18 miles. The country is mountainous, but there is no reason to believe it may not be traversed by the United States troops within a week, even if it should be necessary to construct intrenchments and abattle every few miles in order to beat back the Spaniards. With the beginning of the military movement the navy will draw close inshore to pound away at the forts at the entrance and to draw the cordon of warships so closely around the mouth as to make it impossible for Cervera's vessels to escape, even if they are disposed to take the most desperate chances.

News has reached here that 12,000 tons of coal is being loaded on ship-board at Valparaiso. As coal is worth about \$18 a ton there, the purchase excites great curiosity here, and it has been suspected that it was being made on Spanish account. If this should prove to be true, and the fact will soon be known, it would seem to indicate a purpose on the part of the Spanish naval commander, Camara, to carry that celebrated Cadiz fleet around into the Pacific and use these colliers to supply the fleet with coal. In this case the object of attack probably would be the west coast of the United States instead of the Philippines, but after all the whole thing is still a matter of mere confecture.

The European stories published yesterday of alliances among the powers against the United States and of the reported proffer of Germany to lease the Philippines from Spain are received here with amusement, for it will appear clearly from the place of origin of these stories-Madrid-if not from their substance, that they were inspired by a desperate wish on the part of Spain to involve us in trouble with Germany.

LANSDOWNE ON ALLIANCE.

Secretary of State For War Thinks America Is All Right. LONDON: Jene 21 The Marquis of

Lansdowne, secretary of state for war, addressing the Conservative union of London last evening, indorsed the recent Birmingham speech of the secretary of state for the colonies, in which Mr. Chamberlain expressed the hope that the day would come when the stars and stripes and the union jack would wave together over an Angio-Saxon al-

Lord Lansdowne said he found noththe people of Great Britain.

"We should be wanting in foresight," he continued, "if we failed to realize that the time might come when our revenues would no longer flow so freely, when the British taxpayer would grow weary of building more and more battleships and raising more and more battalions, and when, whether we liked it or not, we might have to consider whether we could afford to stand alone."

Lord Lansdowne insisted that it was in the highest degree desirable that the colonies should be encouraged to take a more active share in the defense of the empire. There was nothing ridiculous in the idea of a closer friendship with America. To his mind there could be no more inspiring ideal than such an understanding between the two nations sprung from the same race and having so many common interests-nations which together were predominant in

the world's commerce and industry.
Was there anything preposterous, he asked, in the hope that these two nations should be bound, he would not say in a hard and fast alliance of offense and defense, but closely connected in their diplomacy, absolutely frank and unreserved in their international councits, and ready wherever the affairs of the world were threatened with disturbance to throw their influence in the same scale?

"Depend upon it," said Lord Lansdowne in conclusion, "these are no mere idle dreams or hazy aspirations. The change which has come over the sentiment of each country toward the other during the last year or two is almost immeasurable. One can scarcely believe they are the same United States with whom only two years ago we were on the verge of a serious quarrel. The change is not an ephemeral understanding between diplomatists, but a genuine desire of the two peoples to be friends, and therefore it cannot be laughed out of existence by the sort of comments we have lately heard."

Boating Party Drowned.

SAGINAW, Mich., June 23 .- By the capsizing of a boat in which a party of young people were rowing on Flint river, at Flushing, yesterday afternoon, Chauncey Cook, aged 18: Lulu Loup, 14; Adalina Loup, 16, and Mildred Packard, aged 2 years, were all drowned. Arthur Maxwell, 20 years old, in attempting to rescue the party was also drowned.

Money For Beloit College.

BELOIT, Wis., June 23.-At Beloit college commencement exercises yester day President Eston announced that the effort to obtain \$200,000 increased endowment had been successful. This includes \$50,000 given by D. K. Pearsons of Chicago on condition that \$200,en be raised.

An Arbitration Treaty.

ROME, June # .- A permanent treaty of arbitration, it is asserted. has been successfully arranged between Italy and Argentine.

SPANISH DREAM.

South American Countries to Unite Against Us.

THEY FEAR AMERICAN AGGRESSION.

Together For Pretection From the Yankee Pigs—A Conference Seen to Be Called.

LONDON, June 23.-The Madrid correspondent of The Daily Mail says: Reliable information has been received in diplomatic circles here from South America that preliminary steps are being taken to summon a conference of all South and Central American republics to consider the advisability of adopting defensive measures against future aggression by the United States.

"The Spanish-American republics see danger in the prospect that the moment the United States has effected its purpose in Cuba it will seek to extend its influence and authority over the Spanish speaking republics. In countries sosubject to revolutionary outbreaks it would be an easy task for the United States to foment insurrectionary movements—as the Spaniards claim has been done in Cuba—with the object of finally intervening and absorbing those states individually or placing them under ite protection.

"The Latin republics are firmly resolved to resist. Hence the conference, the deliberations of which will be conducted in secret. The conference will not meet until after the conclusion of the present war. The Latin republica wish to see how the Americans will treat their Cuban proteges and alsowhether they will extend their operations to Porto Rico, a territorial sphere which, it is contended, should be kept apart from the Cuban question, as the Porto Ricans seem satisfied with Span-

"Should the doings of the Americans in Cuba and Porto Rico confirm the belief that they wish first to control and ultimately to dominate the American continent, the whole of the South and Central American republics will form themselves into a federation, agreeing to make common cause with any one of them which may come into conflict with the United States.

"I have reason to believe that should the Spanish-American league become a reality the next step would be the conclusion of an agreement binding each of its units to keep up a certain military and naval force. Thus the league would be able to dispose of the confederated army and navy in case of conflict with the United States. No doubt is entertained that Spain will take a lively interest in the scheme. It is even comsidered likely that she will enter the league, contributing the weight of her army and navy. How far the project will be realized it is impossible to say. The rivalry of Chile and Argentine for ing in Mr. Chamberlain's speech to of-fend the common sense or patriotism of der its accomplishment. It is now known that, to a certain extent, this rivalry prevented Chile from selling warships to Spain."

CONDENSED DISPATCHES.

E. S. Willard, the actor, reached London much improved in health.

President Faure of France has invited M. Paul Louis Peytral to form a cabi-

The Vermont Republicans nominated Colonel E. C. Smith of St. Albans for governor by acclamation. The official vote in the Oregon elec-

tion showed a majority of 5,469 and a piurality of 10,574 for Geer, Republican, for governor, William H. Cox, a Chicago real estate man, has filed a trust deed of \$1,4 000,000 to cloud titles of Chicago proper-

ty to which he has a claim. London newspapers announced the probable engagement of Princess Victoria, second daughter of the Prince of Wales, to John Baring, Baron Revelstoke.

The Ohio Republican convention continued its session at Columbus. The committee on credentials refused to recognize the McKisson anti-Hanna delegation from Cleveland.

It was rumored in London that Mr. Joseph Chamberlain would resign and assume the leadership of those Unionists in parliament who are dissatisfied with England's present foreign policy.

Five Million Cigars From Sagua. NEW YORK, June 23 .- The British

steamer Myrtledene, Captain Milburn, from Sagua June 10, arrived yesterday atternoon, bringing a consignment of 4,900,410 Havana cigars, the customs duties on which will amount to \$350,000 The Myrtledene is consigned to W. D. Munson. Her captain declined to talk on Cuban affairs on arriving at Quarantine, although strongly pressed for information.

Postinasters Appointed.

WASHINGTON, June 23.-The follow. ing fourth class postmasters have been appointed: Connecticut — Canterbury Mrs. E. M. Hoxsie. New Jersey—Gut. tenburg, Andrew Gersham. New York -Daisy, Isaiah Wolven; Mettacahonts Jacob Markle; Savannah, T. C. Wethey Pennsylvania - Grafton, Elijah Rickeard: Markelsville, M. E. Flickinger; Shy Beaver, John Dorman; Strode's Mills, A. A. Strode.

Jimines Found Innocent. WASHINGTON, June 23 .- An inquiry

instigated by the war department has developed the fact that the Spaniara T. J. Jiminez, taken on board one of the prize ships and for a time believed to be a spy, is innocent so far as that charge is concerned. The man is now at Fort Monroe, and the officials are inquiring into reports that at the time of his arrest he was in the military service of Spain, in which case he will be held as a prisoner of war,

HUMBLE BUT USEFUL.

The Little Gray Earth-Worm is Poorly Equipped by Nature, Yet Does His Work Well.

Myrta Lockett Avery tella in St. Nicholas of the work done by the humble earth-worm. The author says: We have a little gray helper who cannot hear, nor see, nor make any noise. He wears a little gray coat, and he lives

feet, so he crawls. He works busily for us all day in the ground, under our feet, coming out chiefly at night to get his food. Then he does not take anything which anyone wants, but only fallen leaves and bits of stuff which no one cares about, and which are best out of the way.

in tiny caves which he burrows out for

himself. Our little gray helper has no

Although much less fortunate than we, having neither legs nor feet, nor hands, nor eyes, nor ears, he has ali that is necessary to the performance of the work he has to do; and since our little gray helper has all he needs, and does his work, and does it well, we may think of him as being quite content and happy. And since the work that he does for us is very necessary and important work, and since he does it excellently well, we need not regard him with less than respect.

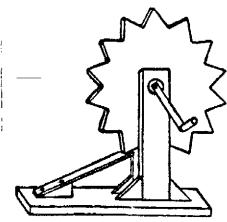

He has a system of blood-vessels, a nervous system, and-yes, a brain. When you come to consider him under a microscope and in relation to the work he has to do, he is quite an interesting and exquisite bit of mechanism. He uses his brain, and has wisdom enough to know what to eat and how to get it. Though he has neither eyes nor hands, before taking anything into his cave, he examines it carefully by means of his one sense (touch), and with his little upper lip, which the scientists call prostomium. This lip is very sensitive.

He is prudent and thrifty, always dragging into his little house enough to secure him against the coming day, for, blind and deaf as he is, he knows it is not wise to be out in the daytime, for the birds and their babies like him entirely too well. He also knows that, being of a chilly nature, he will need to be wrapped up a bit when he goes to sleep in his cave, so he makes his own little bed of blades of grass and bits of leaves which he has dragged in with the little lip that does so much. He seems to like fresh air when he can get it, so he rests with his head near the mouth of his cave; and Mother Nature, realizing that this might give Robin Redbreast an unfair advantage of him, provided him with a head-covering darker than the rest of his coat, and very nearly the color of the earth.

A CRACKER CACKLER.

How Boys Can Have Lots of Fun on the Glorious Fourth of July Without Firecrackers.

Although it may seem unreasonable or impossible, a boy can bave some of the fun of firecrackers, rockets and roman candles without spending a cent for the fireworks. That is, he can make the noise of the explosions without having the fire and the fuss. The picture

A FIRECRACKER CACKLER.

shows a simple little device called the "firecracker cackler," which will be found to work very well indeed. The wheel is simply a piece of board cut into is attached by an axle to two supports set on a plank foundation. A springy piece of wood known as the tongue is fastened by one end to the front of the foundation plank, the other end being free, so that the points of the wheel when turned will strike against it, causing it to vibrate sharply. The wheel may be revolved by a simple crank handle, or it can be given a sharp turn with the hand. The noise given out closely resembles the sound of exploding fireworks, and if the "cackler" is operated behind a fence those on the other side will think that hundreds of firecrackers are being exploded .- Chicago Record.

Her Age Was Her Pride. It is an acknowledged fact that wom-

en more often attain a very great age than men. Amorg women, one of the most famous cortenamans was the courtees of Deemond, who died in the reign of James I., from the effects of araccident. Her reputed age was 143 years. This wonderful old lady at the age of 100 years was so heely and well that she actually took part in a darec; and or ly five years before her death she traveled from Bristol to London-a trerendous journey in those days-in orto personally attend to some busi-TEM HALLETS.

JAPANESE SCHOOLS.

The Progressive Little Sunrise Kingdom Has Adopted Western Wars in Training Children.

Miss Ida Tigner Hodnett contributes to St. Nicholas a second and concluding article on "The Little Japanese at Home." Miss Hodnett says:

Japanese children used to sit upon their heels in the school-room, grouped round their master on the soft matting. chanting together their Iroba, or reading in concert the wise maxims from their readers which have been the mental food of countless generations of their race. A change has come, and now they sit on benches before desks in western fashion, though they do not think this method of sitting very comfortable, and are glad on returning home to indulge in the usual squat. But they still recite in concert, in a monotonous sort of chant, the Iroha (ee-ro-bah), which corresponds to our alphabet.

Under the former system of schooling, all Japanese children learned to read and write the Hiragana characters, and to calculate; and it was an unheard of thing for a grown person to be unable at least to read and write, and do simple calculation. They were seldom sent to school before the age of seven, and were not bard pressed in their studies. In learning to write, they were acquiring the dexterity of finger and wrist needful in drawing. and without doubt their method of writing is one of the traits which have tended to make the Japanese a nation of artistic tendencies. A soft paper is used, and a brush instead of a pen Care and exactness are necessary, owing to the nature of the materials, and

A MODERN JAPANESE SCHOOL

it is impossible to use the hand in a cramped or stiff position; hence freedom and grace of movement result. The child holds the paper in one hand and the brush in the other; the whole arm works, motion coming from the shoulder, elbow and wrist as well as from the finger muscles. The paper, as soon as touched, absorbs the Indian ink with which he writes. The child thus finds it necessary to touch with precision and care, and acquires insensibly a certain power of drawing in this precise touch and in the exercise of the arm and hand muscles.

Western principles in education as well as western school furniture have been adopted in the Sunrise Kingdom. The Arabic numerals, 1, 2, 3, etc., are used; for the Japanese at once recognized the advantage of these signs for numbers instead of their own cumbersome ones. Maps, charts, diagrams, are seen on the schoolroom walls, object lessons are given; and foreigners, hearing the children's recitations, even though not understanding their speech, recognize that the young Japanese are getting some good results of modern civilization.

In the government colleges the students eat food prepared in western style, using knives and forks and spoons instead of chopsticks, and sleep on beds instead of on the matting. When beds were first introduced, in a few cases they were not supplied with mattresses. and the officials, ignorant that these articles were a necessity, required their circular form and then notched. It | unfortunate students to sleep on the hard wooden slats covered only by two or three quilts; so between the torturing beds by night, and the uncomfortable, because unusual, position of sitting by day, the poor students had a hard time of it. It was not wonderful that they thought the foreigners' ways absurd and barbarous!

The Feast of the Roses.

A unique celebration occurs in June of every year at Manheim, Pennsylvania, according to the Ladies' Home Journal. It is known as the feast of roses, and is held to commemorate the benevolence of Baron Stiegel, who more than a century and a quarter ago leased a tract of land at Manheim to a congregation for a church site at an annual rental of one red rose to be paid in June of each year. After Baron Stiegel's death the rent was never demanded until a few years ago, and now it is formally paid to one of the baron's descendants. The occasion is known as "the feast of roses," and the quaint ceremony attracts the greatest interest.

Tompkins' New Dry Goods Store, 35 North St.

MID-JUNE MERCHANDISE!

Geography is the study of the period. War makes strategy familiar Tompkins' New Dry Goods Store in its new location, 35 North street, is the most central, the finest and largest dry goods store in this city. Thus Tompkins' is the strategic point. That fact is quite familiar to some thousands of people in Middletown and vicinity.

The POINT is valueless without the power. Three elements make the power.

First GOODS, second PRICES, third PUBLICITY.

THE GOODS-There is no war scare here. New goods are coming in daily, lots of them, and they go out as fast as they come in. Our city buyer is on the lookout every day for new bargains for Tompkins' Big Store.

THE PRICES—Will this business be here prosperous five years from now? That largely depends on the bargains we give you now. Our business life is vitalized by the advantages we are

THE PUBLICITY—True news of good goods, at right prices make the Tompkins column good reading every week. Once again this week will each department arise in its bargain might and prove its bargain power. Once again will the multitude heartily respond to the unstinted bargain richness. Once again will small prices become great by bringing in enormous returns. This week is bargain week par excellence at Tompkins'—the popular shopping point of Middletown.

NEW Hundreds of yards of them At no DIMITIES, other place are they less than 12%c., many get 15c for the new goods, late printings and prefty ones. Wany different patterns. We have never ha an offer in wash goods terns. We have never be an offer in wash goods so all around good as this at Tompkins'. They are 10c per yard.

TEN CENT DIMITIES
AND ORGANDIES
6 CTS. A YARD.
quality so good, they will hardly last the week

quality so good, they will hardly last the week out.

NEW PERCALES These are fine yard wide FOR 10c A YARD, goods that are sold for Trench Percales. They are made in this country, however, but they are as good and as fine as the French stuff at double the money elsewhere, they are 12½ and 15c. At Tompkins 10c a yard.

PLAIN WHITE PIN STRIPED There are 15 UMITIES 5 CENTS A YARD, pieces in this lot kvery piece is exactly one pattern. The quality is fine You can't match it anywhere for less than 12½ to 15c. Just the thing for white dre see or apross.

DOTTED SWISS This is the time of the year 8 CTS. A YARD, when our city buyer is able to pick up rare bargains. The wholesale season is about over. Here is a bargein he just sent us in Lotted Swiss. Ten pieces all in one pattern, but fine wide goods, worth 18 to 26c ayard. This week, at Tompkine, Sc a yard.

a yard. This week, at Tompkins', Sc a yard.

FINE INDIA Nothing makes a pretter dress
LINENS. than beautiful fine white Shear
India Linens, with the dotted
Swiss on. Our city buyer sent us the following
lots, secured at prices less than thay can be inade
for. That's why, at this week a saw they will go
as follows

10 tent quality, per yard, 8 cents.
12½ cent quality, per yard, 8 cents.
15 cent quality, per yard, 10 cents.
25 cent quality, per yard, 15 cents.
26 cent quality, per yard, 15 cents.
27 cent quality, per yard, 15 cents.
28 CENT WHITE Here is another bargain for
APRONS 12°2c. this week's selling. Twenty
dozen in this lot Size—One
yard long ¼ wide, made of fire shear is wn, wide
hem on bottom, with fire inverting above

Muslin Underwear for This Week's Bale.

75c NIGHT GOWNS These, like the aprons, FOR 25c. will probably not last longer than the day this advertisement is first out There are 10 doz in the lot only, made of good mustin, cambric rufile on cuffs and neck, tucks and fancy torchon lace on front.

50 CENT MUSLIN Made of good muslin, wide DRAWERS 25 Cts. cambric ruffle and fine wide torch(n lace trimming.

75 CENT MUSLIN Made of good muslin, with SKIRTS 25 CTS. Mide cambric flounce and deep edging of fine torchom lace. Of these three lots of Muslin Underwear we have only ten dozen of each lot. Wish it were 100 dozen each. They would all go this week. These will not last one day.

This Week's Very Special Sale of Wrappers.

We know that whenever we say Wrappers, you expect much from us. You will not be disappointed this week.

\$1.25 WRAPPERS These are made of dark ground FOR 59 CTS. Percales, with small wavy pin stripes All one pattern, but different colors, lined to waist, full front, three yard skirt, trimmed with Hamburg embroidery \$1.25 is regular price. At Tompkins', while they last, 590 each.

A MATTER OF You took nearly all of them NECRTIES. Saturday. Here are more in readinees. The ties are all new and in very way right. Two for the usual price of one. 10c Silk Club Honse Ties 5c, 18 Silk Windsor Fies 10c., Wasse 50c Puff Ties, for ladies obsgentlemen, in silk, white pique or lawn, 22 and 35c each 15c. Artificial Flowers at reduced prices for this mid-June cale.

UNDERWEAR FOR Just needed a week like MEN AND WOMEN. last week to make you think of a thing like this It shouldn't be Tompkins' store if we were not ready for you. We have the lighter sorts in good assortments.

BABIES' GAUZE VESTS 6c each.

LADIES' & RIBBED VESTS 5c each.

LADIES' 15c RIBBED VESTS 10c each. CHILD'S GAUZE VESTS, short sleeves, will fit a child of five years to a girl or boy of 12 or 14 years All at one price 15c each, worth 25c.

Job had some friends that were depressing. So had we They said we could never do any business in this town unless we trusted. We have been here over a year and done lots of business, and not one charge sale. Can't we sell the same goods for less money than the credit merchant? We can and we do, and the people have found it out.

A Tale of Low Prices.

REMNANTS Remnants—A magic word to value OF BILES. hunters. Remnants of the pretitest and best selling sike. Of course that's why there are only remnasts left. Not a mere apron full either, and they are in good generous lengths too, from 3½ to 6 yards, many shirt waist lengths, all new, pretty designs in checks and plaids in the piece. Price was \$1 to \$1 25 per yard. The remnants are marked at 50c a yard, whatever they measure.

A Stranger's Praise of the Class Buy Exereises Tempered by a Sit of Earnest

EDITOR ARGUS:-It was my pleasure and privilege to be present at the class day exercises of the Middletown High School, yesterday.

I am a foreigner, but no Spaniard; a strauger, but a sympathizer. So these exercises, so novel to me, a visitor, the bandsome and well-appointed building, the good-humored crowd, the wit of all the orators and the beauty of ball of them, and the geniul and hospitable atmosphere that pervaded everything, almost quite captivated this obscure outsider. Why they did not quite captivate him is the reason of this letter.

The last number on the programme was a song, pleasing enough in itself (Middletown genius seems to be as great at poetry as prose), but sung to the tune of the Battle Hymn of the Republic.

In this hymn Americans have a national possession that is not surpassed by anything of its kind in any language, or belonging to any country. Words the most well chosen, metre the most in spiriting, poetic imagery the most forcible and admirably sustained combine to express with the atmost vigor the religious and military genius of the nation and the power that lies behind them both. Nothing put into words that are not inspired is more terrible and im-

Yet the music that belongs to this stately national monument of poetry is animation and swing to casual rhymes on casual subjects,-rhymes of light, rhymes of heavy character, and rhymes of no character at all. This has been done at least once before in Middletown.

Is it not a fact that the Americans are an irreverent people? What else can explain their treating so contemptuously a tune connected inseparably with words as sacred as any in the hymn book and more powerful? Why should this particular tune be put to all sorts of profane and unfortunate uses, and Duke Street and the Doxology escape? Why should the Star Spangled Banner escape? Yet the words of none of these are equal in literary value and poetic force and profound religious spirit to those of the Battle Hyma of the Republic. H. A. CAPARN.

DELHI'S SUSPENDED BANK.

Comptroller of the Currency States Conditions on Which It May Resume Busi-

It is possible that the Delaware National Bank at Delhi may resume business. C. E. Hitt, J. C. Stoddart and A. C. Crosby, representing the stockholders, went to Washington, the latter part of last week, and had an interview with the Comptroller of the Currency. He is anxious to have the bank resume business and to avoid a receivership, and will give the stockholders and the Crawford wagon works a reasonable time to raise the money needed to put the bank on its

If the Crawfords reduce their indebtedness as required the Comptroller will, if among relatives. necessary, levy an assessment on the stockholders of the bank in order to the grass on her forty acre meadow, near make the putting up of cash an equitable arrangement all around.

If business is resumed a stipulation will be exacted from depositors that they will accept payment in installments, for the Comptroller of the Currency will not permit the bank to be opened merely that a run may be made by depositors.

Eric Officials as Moral Agents.

On Sunday last, an Eric engineer, line man and baggagemuster were caught in a saloon in Jersey City and suspended. They had been on the Northern branch for a number of years. A fireman on the in Delaware county. Mr. Topping is in same branch abused his wife so badly that she applied to a constable in Engle wood, who notified the Eric officials. The man was suspended until the railroad officiels investigated the charge. It was found to be true, so they discharged

Judge Maynard's Widow the Largest Stockholder.

Mrs. Margaret Maynard, widow of the late Judge Maynard and daughter of Charles Marvin, who was president of the Delaware National Bank, of Delhi, at the time of his death, is the largest stockholder in that institution, owning more than one-fifth of the capital stock; and this stock is liable to assessment to the amount of its face value.

Mary Fowell Excursion.

be run by the Ontario and Western, on Tuesday, June 28th, at the popular price of \$1 for the round trip. Train will leave Middletown at 7. a. m. Wait for it. td

THOMPSON RIDGE.

-Rev. M. H. Kerr, missionary on the west coast of Africa, is to deliver an address in Hopewell Presbyterian Church, Thompson Ridge, Tuesday evening, June 28, at 8 p. m. Mr. Kerr is an interesting speaker whom the public will welcome. All are invited.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Deen's Ointenent order indicate reder and pol-manual dust At any drug other; De

CLASS POEM FOR 198. By Eisle May Ives.

My friends and tenchers, classmates dear My mu-s is poor, 'tis so by fate, But I shall strive with all my might,

To sing the praise of '96. Full many a long and weaty year, For this great aim we well have striven;

And now at lest the time is come, When schoolmates' ties must soon be riven. We cannot help but part with grief.

Our short year here has joyous been; Our teochers all have belped us on, This goal of honor well to win.

But now I'll quit my moody thoughts, And something joy one i must tell; For, when hy chance we sorrow feel,

Some gladness then should break the spell. How fortunate we all should issi, That our distinction given by fate,

Will make the woods and bills resoudd With gladsome prass for '98. Last year, when Juniors then we were, We made the whole Casino rock;

And '97, Ah! How proud, We gave their pride an awisi shock. Twas sprely Providence that planned, This building should be one year late; The first year that this school has stood,

Was but recerred for '96. Ah! '99, we feel for you, To rival as, 'tis mad to try : If at this statement you're at sea,

Just ask us, we will tell you why. Our teachers, you we wish to thank, For all that you have done for us; You well have made as what we are,

And you'll accept our thanks we trust. And when from you we drift apart, Each one to duty then to go; Then will we all remember you,

And due respect and kindness show. And when perchance in efter years, Our names you hear of, one by one; Oh! May it please your hopeful hearts,

The brilliant deads we all have done. And now good-bye, my '99, May cur best wishes with you go; And may you take our good advice We wish you great success you know.

You will win great renown we ween, If you but pattern after us; For our example is true worth, You'll not go far astray we trust.

Parewell, beloved school, farewell, Well would we like to linger here; With mingled joy and grief we part, Twill cost us many a sigh and tear. and now good-bye, my schoolmates dear,

And may your pathways brightness be; And may you kindly think of us, And win as great success as we. And to the class of '98,

May great success your efforts crown; And may you all live worthy lives, And may you all win great renown.

A Giant Norve Builder.

The Mystice Life Renewer is the most powerful nerve builder known. It absolutely cures all forms of nervous dissases and weakness no matter how aggravated or of how long duration, such as neuralgia, nervous prostration, nervous paroxysms, St. Vitue's dance, palpitation of the heart, physical and mental weekness, debility of old age etc. Sold by J. E. Mills, No. 2 Empire Block, Druggists, Middletown.

Relief in Six Hours.

AMUSEMENT NOTES.

-June 28-Mary Powell excursion. —July 4—Picuic of Ontario Hose Co., No. 5, at Mannerchor Park, afternoon and evening. -July 4-Excursion to New York, via Erie Railroad.

The Spanish prisoners at FortMcPherson are treated with most distinguished consideration, and are having such an easy and pleasant time that they are probably blessing their good luck in not having been able to join the Spanish

The emphatic statement made by Surgeon Streets, of the hospital ship Solace, that the wounds on the marines killed at Guantanamo were made by Manser rifle bullets, and were not inflicted with machetes after death, relieves the Spanjards of a most odious charge. It is a relief to the whole country to know that our enemies are not quite such barbarians as the report that they had mutilated our dead made them appear.

That the Spaniards made no serious effort to prevent the landing of Gen. Shafter's troops is of a piece with everything they have done since the war began. Their policy seems to be to do nothing until they are absolutely forced to it. They will probably fight at Santiago if they cannot run away but if there is any chance of escape it's easily possible that they may evacuate the city and leave Cervera and his fleet to their

The Republican leaders in New York city seem to have at last made up their minds that they cannot bulldoze Gov. Black into assenting to their wild schemes to regain control of the Police Department and the election bureau. They have, however, howled so loudly about the necessity of "thwarting Tammany's scheme for manipulating election returns" that an extra session of the legislature will probably be called to pass a bill creating separate bureaus of election in cities of the first class.

It turns out that one of the Merrimac's anchors failed to hold and that the hulk has swung around so that it new lies parallel with the channel and no longer blocks the entrance to Santiago harbor. This is a contingency that could not be prevented and that was doubtless thought possible when Lieut. Hobson's plan was under consideration. That his -bold venture has not proved as succ asful as was hoped and expected in no way detracts from the honor due to him and his brave crew. The glory they won was in -daring and doing and is entirely independent of the final results of their hero-

ARTIFICIAL MILK

For a long time chemists have been investigating the possibility of manufacturing food products in the laboratory, and predictions have not been wanting that the time may come when food will be built up by the combination of the chemical elements as they occur in nature. A recent instance has just been made public in an alleged discovery by W. J. Cook, of Chicago, for the production of artificial milk. It is said to look l ke milk, taste like it, and to have all the nutritive elements of the product of

Mr. Cook is reported to have recently given a public test of his artificial product. From a five-gallon can he gave each person present a glass of the manufactured article, and then followed it with a glass of cow's milk, and the gen-sell round trip tickets from Middletown eral opinion seemed to be that the milk to Nashville, Tenn., and return, July 2d, by Mr. Cook was rather superior to that 3d, 4th, and 5th, at the rate of \$22.65. produced by the cow. He also set two vessels of milk in an ice-box, one containing artificial and the other natural milk, and the artificial product raised about twice as much cream as the milk from the cow. It is, of course, interesting to note the progress of science, but it is doubtful whether the value of good cow milk will be seriously affected by the discovery.

life. Cholera infantum, dysentery, diarrhoen. Dr. Fowler s Extract of Wild Strawberry never fails to conquer them

Statiants Sistance.

Bad Third.

All the Troops Landed at Baiquini Without Interference from the span-

PLAIA DEL ESTE, June 23,-At 1 o'clock this morning the entire invading army had landed at Baiquini. The three thousand men who landed yesterday morning were increased to five thousand by 2 o'clock yesterday afternoon. Their was no interference from the shore after the first lew scattering shots were fired by the Spaniards in the early morning.

The landing was mostly done at a little trestle on the east side of the barbor used by the Carnegie Iron Company in loading ore.

The attack of the Texas and gunboats on the batteries between Santiago and Asiquini resulted in silencing all the batteries along the coast and prevented the Spaniards from sending enough troops eastward to interfere in the slightest degree with the landing of the

CORNELL AN EASY WINNER.

Yale Second and Marvard a Bad Third in the Creat 'Varsity foat Race,

LONDON, June 23.-Cornell won the great inter-State 'Varsity boat race, today, by three and a half lengths ahead of Harvard, time 23 minutes and 4 secands, which was slow.

Correll was the favorite for both the varsity and freshman events, Yale being placed second in the varsity and last in the freshman. Betting on the varsity lace was even money on Cornell against the field, and five to four on Cornell against Yale. There was practically no betting on the freshman race. All six crews are in fine condition, and good weather for a boat race prevailed. The freshman race will be rowed this after-

The start was at 12:37:02. Cornell had the first course, next to the west bank of the river, Yalenext, and Harvard outside toward the centre of the stream. Harvard took the water first and then

Yale. Cornell was a half stroke behind. Yale caught Harvard at the 120 yard mark. At the quarter mile Yale was a 34 strokes to the minute, At the Yale boat was a length behind Cornell and Harvard two lengths behind

Cornell crossed the mile in 6 minutes. Harvard two lengths in the rear. At the taken without further delay or the dismile and a hali Cornell led by half length, pulling 38 strokes, Yale 36, Harvard two lengths away.

At the second mile Cornell led by a length, Harvard closing a little on Yale. Time, 12 minutes and 48 seconds.

At the third mile Cornell led by two lengths, with Harvard six lengths behind Yale. Cornell was rowing 32, Yale 34 Time 1813%. Approaching the 3% mile the crews were pulling a beautiful 32 stroke with positions unchanged.

Grand Celebration at Hurleyville, July

On July 1st the Ontario and Western will sell tickets to Hurleyville at \$1.25 at once. for round trip, good going on regular trains, and good returning on morning train of July 2d. At 2 p m, there will be an oration by Hon. C. V R. Ludington, of Monticello, introduced by S. \tilde{R} . Divine, of Loch Sheidrake, followed by athletic sports of all kinds.

Dancing at Meinhold's Park, afternoon and evening.

IN THE RAILROAD WORLD.

-Erre officials have asked the Port Jervis police to arrest all boys who jump on or off moving trains or who are found on the tracks. The police have notified the youngsters that they will enforce the law in this respect and "jug" every offender whom they can lay hands on,

-On account of the Christian Endeavor international convention, the Eric will

-On July 4th, the Erie will sell excursion tickets from Middletown to Shohola and return at the rate of ninety cents. Tickets good returning on day of date. Trains leave James street station at 6 47 and 10:36 a.m. 80eodtoJuly4

A BRILLIANT METEUR:

Shot Across the Couthern Seavens, Last Night, Leaving a Track of Light-As Geen in Geshes.

A meteor of dazzling brilliancy shot across the southern beavens about 10 o'clock. It seemed very near the earth. and all who saw it are agreed that it must have struck somewhere near here. The population of Fulton street, who as usual were nearly all out of doors, were badly frightened, and many of them declare to-day that the celestial visitor stopped right on that thoroughfare.

The flight of the meteor was seen by only a few of our citizens, while others who only saw the trail of light that it made thought at first that it was a particularly lurid flash of lightning.

The meteor was seen by people in Pine Bush, who thought it must have struck somewhere near this city.

Our Gosben correspondent sava:

A singular disturbance in the "hevings" startled a number of persons who witn seed it, last night. It occurred shortly after 10 o'clock. Suddenly a bright light streamed forth from somewhere such as might have been caused by a large signal rocket. Shortly thereafter there was a "bustification" of some sort at a great height, and away up yonder something shot across the night, leaving a glowing trail in its wake which ingered for at least a minute.

N. B.—The witnesses of this truly remarkable phenomenon were all temperate citizens, and men of unimpeachable

Relief in bix Hours.

Distressing Kidney and Bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by J. E, Mills, druggist Middletown, N Y.

Impure blood is an enemy to health, and may lead to serious disease. Hood's Sarsaparilla conquers this enemy and averts danger.

DO IT FOR YOURSELF.

You can tell just as well as a physician whether your kidneys are diseased or healthy. The way to do is to take a bottle or glass tumbler, and fill it with urine. If there is a sediment—a powder like substance—at the bottom after stand ing a day and night, there is something wrong with the kidneys. Another sure sign of disease is a desire to urinate often, and still another sign is pain in the back If urine stains linen, there is no doubt that the kidneys are affected. Any and all diseases of the kidneys,

liver, bladder and of the urinary passages and constipation of the bowels are cured by Dr. David Kennedy's Favorite Remedy. There is no question about its being the best and street medicine in the world for such troubles. It quickly relieves and cures inability to hold urine, and people, poung or old, who take it are not compelled to get up a number of times during the night. For putting an end to that scalding pain experienced in passing urine, nothing is so good as Dr. David Kennedy's Favorite Remedy. It corrects length ahead, Cornell second, all rowing the bad effects of whiskey and beer; is pleasant to taste, and does not seem to be medicine at all. Diseases of the kidneys and bladder often require the use of instruments to push back the sandy matter so the urine can be voided. In 39% seconds, Yale half a length and such cases Favorite Remedy should be ease may prove fatal. It is sold for one dollar a bottle at all drug stores. It is well worth many times its price,

Samples Free.

If you wish to test Dr. David Kennedy's Favorite Remedy before buying it, send your full post office address to the Dr. David Kennedy Corporation, Rondont, N. Y., and mention this paper. We will then mail you a sample bottle free, as well as circulars giving full directions for its use. Every reader of the Angus can depend upon the genuineness of this liberal offer, and all sufferers from kidney troubles should take advantage of it

YESTERDAY'S HAIL STORMS.

More nevere in Other Localities Than

Nore-come Samage Denc to Cardens

There were a good many cold streaks

in the upper regions of the atmosphere,

yesterday, and the result was that the

moisture in every storm cloud (and there

were many of them) was congealed into

hail, and Orange county got such a pelt-

The severest storm was between 4 and

5 o'clock. The hail from it rattled down

in such quantities that the earth in many

places was all covered. In this city the

hailstones were not larger than peas, but

along the mountain, in the town of

Crawford and at points east of this city,

they are said to have been as large as

good sized walnuts. Some damage to

gardens is reported in some localities but

no serious harm seems to have been

At Goshen so much bail fell that it had

OBITUARY.

Marile V. S. Brown,

From Our Goshen Correspondent. Martin Van Buren Brown, a respected resident of Hamptonburgh, died, Wednesday night, atter a lingering illness. He was in his fifty-eighth year. The deceased was the son of the late John

born in the town of Blooming Grove. The funeral will be held, Saturday, from the residence of Mrs. James B. Seely, Hamptonburgh, a sieter of the deceased.

and Emeline (Headd) Brown, and was

Mrs. Frank B. Ayres,

Often as our city is saddened by the audden aummons of some of our citizens from the activities of this life to the realities of eternity, it is seldom startled or shocked as it was, Wednesday evening, when the tidings began to be circulated at even-tide that Mrs. Frank B. Ayres had been called away.

President A V. N. Powelson Among young women in the prime of life possessed of unusually vigorous health, a cheerful disposition, lately located in a new bome, which had been furnished to her liking, the faithful wife of a devoted husband, the happy mother of three interesting daughters, to whom a mother's love and care seemindispensible, she was one, whom all her friends anticipated, as she anticipated for herself, a long and happy lease of life, one of the many noble christian women whom the world, the church, the home, greatly needs, and who it did seem to us ought to live to life's utmost limit.

But the Giver of life, who holds in His hand the power of life, thought otherwise, and according to his own prediction, "in a moment when we looked not for him" he came and called unto him his own, leaving a sorely bereaved and heartbroken family to mourn her loss.

Dollie Jackson Ayres was born in Hamptonburgh, Nov. 17th, 1860, being a daughter of Thomas B. Jackson (who departed this life some years ago) and Mary Jones, who still survives.

After improving such opportunities as were afforded at the Union District School in the neighborhood, she pursued her studies in and graduated from the seminary in Goshen, under the charge of Prof. Wilson. Having aspecial fonduces and talent for music, she devoted herself assiduously to the study and practice of the art, in which she acquired great proficiency, and of which she was a successful teacher. June 18th. 1884, she was married to Frank B. Ayres, of this city, where she has since resided, and by the grace of her character and the genial activities of her life bas contributed largely to the happiness of her home and the circle of friends with which she has been identified.

In girlhood she united with the Presbyterian Church, of Goshen with her family has always been identified, and as } her removal to Middletown transferred her relation to the Second Presbyterian Church of which she has been a christian member. Three danghters have been born into her home, Roberts, Marguerite and Gladys, who were the joy of her heart and to the training of whom ther life was being devoted given. On their behalf as well as that of her husband, her mother and her three sisters, Mrs. Mary F. wife of Frank E. Everett, of Goshen; Mrs. Anna E., wife of S. E. Ogden, and E. Belle, wife of Robert H. Houston, of this city. . Universal and heartfelt sympathy is both felt and expressed, while we have only words of commendation of the finely developed character and the dutiful life of this excellent christian

IN KINGSTON JAIL.

Frank E. Smith, of This City, a Prisoner on a Charge of Burklary.

Frank E. Smith, formerly of this city, is in Kingston jail charged with burglary in the third degree. His bail was fixe | at \$1,000 when he was committed to await the action of the Grand Jury.

Smith is charged with breaking into the office of the National Express Com. puny in Kingston. The burglar was discovered in the office and was shot while escaping and the fact that Smith was ound a few days afterwards to be suffering from a gun shot wound in the knee was one of the reasons that led to his

The young man's mother and two sisters reside here and he has appealed to them for help and one of his sisters was in Kingston, Wednesday, and called on him at the jail, last night. It is understood that an application will be made for a reduction of bail.

Young Smith was at one time employed by Andrew Brown and the experience was a rather costly one for Mr. Brown. Later Smith was employed by the Orange County Telephone Company, but left very suddenly last fall and for a time nothing was known as to his where-

Burly Closing Agreed On.

meeting, with strong objections: from The Business Men's Association, at its meeting, Wednesday night, acranged to close the stores of members from July 4th to October 1st at 6 p. m. each business day excepting Mondays and Satur-

sale of the Beenomy store block.

The sale of the stock at the Economy Store is reported to have netted \$1,100. The mortage held by Mesers. Ferguson and Sayer was for \$1,800.

INCIDENTS AND HAPPENINGS IN GOSHEN TOWN.

Ready to Be Interviewed-Bassage by Ball-The Graduates' Sauce-Personal Seatles.

From Our Regular Correspondent.

-The other day there was published in this column the story of how a certain character was collared and cuffed by the proprietor of the Goshen hand laundry who caught him in the act of looting his woodpile. The "character" in question has taken umbrage at our remarks and is looking for us. Our whereabouts are at no time a mystery. We stand ready to be interviewed by the gentleman and are cheerfully willing to make any retraction necessary to soothe his injured feelings, stipulating only that we quote him as our authority for the correction. -Considerable damage was done, yeeterday, to the crops in the vicinity of

-After the graduating exercises, last night, the graduates received a number of friends and dancing to the music of Wilson's orchestra was indulged in for an hour or two.

this village by the heavy hail storm.

-Willard P. Jessup, of Pennsylvania, is at home for the summer.

-Mrs. Lydia Thompson and Miss Gertrude Smith have gone to Port Jervis for a two months' stay.

GOSHEN HIGH SCHOOL COMMENCE-

Graduating Exercises Held at Music

Hall, Wednesday Night, Before a Large and Appreciative suutence. From Our Goshen Correspondent.

The commencement exercises of Goshen High School attracted to Music Hall, last night, an eathusiastic crowd of the friends of the graduating class, which very comfortably fitled the edifice. The exercises were opened with prayer, offered by Rev. Arthur M. Griffin, and between the essays of the pupils Wilson's orchestra discoursed melody.

The graduates and their subjects of discussion were as follows: Should There Be a British American Alliance...

John Leater Tuthiil.

Jennie A. Kipp. The essays were uniformly meritorious and creditable.

It is the stern and hardened heart of the pessimist, indeed, that does not warm to the fair young graduates on commencement day when standing at the threshold of a life beyond the school, room they look forward into a future where "all the world is young and all the trees are green." Full many a disappointment and unkindly experience is hidden from their view and it is doubtful if ever sgain in the after years they can stand and gaze into the beyond when life shall seem more fair. The large audience was lavish in its applause and praise unstinted was accorded the elecutionary efforts of the graduates. Friends of the young people had provided a profusion of flowers, and kindly words were showered upon them. It marked an epoch in their lives and the occasion will doubt-Ress remain a sweetly lingering memory No. 243 North St. when they are far down toward the last dim turning of life's uncertain road-

Rev. Wm. H. Morgan, Ph. D., an eloquent scholarly speaker, delivered a stirring and well rounded oration on the value of education.

Prof. C. R. Stiles, with a few brief, well chosen words of advice and commendation concluded the exercises with the presentation of diplomas.

New Buggagemaster at Wickham Ave-

W. R. Polcer, of Cadosia, bas been made station beggingemaster at the Wickleam avenue depot, vice George H. Bawky, resigned.

THE COLUMBUS CONVERTION. Senator Hauna Seems to Have Things All

His Own Way. COLUMBUS, O., June 23 .- The Republican state convention here yesterday was a record breaker. Its session lasted less than two hours, and most of that time was devoted to unseating a small minority of dissenters. After the contests were disposed of everything was unanimous and by acclamation. Five nominations were made within 12 minutes, including the presentation and the seconding of speeches. The delegates after the convention perfected its permanent organization were all Hanna men. If the factions were not completely wiped out, they were at least shut out. There was some doubt expressed as to two of the twenty-one members of the state central committee. Brown of Toledo and Craighead of Dayton, but they were not long in announcing themselves as in accord with the majority, so that the party machinery is entirely in the hands of the friends of Senator Hanna for the next year.

While in such full sway there were some who wanted to remove Charles L. Kurtz as the Ohio member of the Republican national committee, but Senator Hanna's closest friends prevented even consideration of such action. Governor Bushnell was not in the convention hall yesterday, and none of his ap-pointees were present to hear the reading of the last resolution in the platform, which is generally accepted as uncomplimentary to the governor and the dissenting Republicans in the legislature. During the recent legislative investigation Cyrus Huling and H. M. Daugherty were the attorneys of Senator Hanna. Huling was yesterday made chairman of the state central committee, and Daugherty is slated for the chairmanship of the state executive committee. John R. Malloy, who was defeated for re-election as clerk of the house last winter after he had been nominated by the Republican caucus, is slated for secretary of the state com-

Engineer White's Court Martial.

NEW YORK, June 23.-The court martial trial of Civil Engineer U.S. G. White, U. S. N., on charges arising from the construction of the new drydock at the Brooklyn navy yard, will begin in the court martial room today. The officers who compose the court are Commodores Wallace and Robeson, Captain Kane, Commanders Mahoney, Strong, Bilden, Knox and Wise, with Lieutenant Laucheimer as judge advocate, The court convened at 1 o'clock yesterday afternoon and after organizing adjourned until this moining. It is expected that the trial will last as long as that of Civil Engineer Menocal, who was recently suspended for three years on similar charges as those preferred against Engineer White.

Found Guilty of Murder.

NEW YORK, June 23 - John Olaf Petersen, a Swede, 47 years of age, who murdered Mrs. Laura M. Faulkener, the proprietress of his boarding house, and Matthew Henry Pole, one of her boarders, in the early part of this year, was convicted in Brooklyn yesterday of murder in the second degree. Petersen returned home one evening under the influence of liquor and in a quarrel with Pole shot him several times, and then turned his revolver on Mrs. Faulkener when she tried to interfere,

Murderer Braun Convicted.

NEW YORK, June 23.-Adrian Braun, the Sing Sing convict who brutally murdered his wife, Catharine, while she was visiting him in the prison, has been convicted of murder in the first degree at White Plains During the examination of witnesses today several experts on insanity and mental diseases gave testimony that they had examined Braun and found him in perfectly normal mental condition. Sentence will be imposed Monday.

Aid Association Buys Hospital Ship, BOSTON, June 23 -The Massachusetts Volunteer Aid association has closed its purchase of the hospital ship Bay State The money has been paid over and possemion taken. Dr. Burrell of Bouton, will was surgern Mineral on the plant of Governor Greenhalge, in to have charge of the medical and surgical depertments.

It is easier to turn a blood-hound from the scent than to shake off a disease which is fairly rooted in your constitution. No doubling and twisting will deceive the hound until the trail is broken short off; and the hound of disease pursues just as relentlessly along the trail of weakness and debility. Many diseases which are called by different names are

all due to a weak, impover-ished condition of the blood. The liver fails to sift out bil-ious impurities; the stomach cannot do its proper work; the system gets no nourish-ment, but is filled up with poison instead.

poison instead.

The appetite and strength, and vital energies fail, and frequently the delicate lung tissues become affected. But there is no use in cough syrups and "appetizers" and mere stimulating "extracts." This trail of wasting debility must be broken short off by getting at its fundamental causes in the blood, and no medicine in the world does this so acceptifically and thoroughly see does this so scientifically and thoroughly as Dr. Pierce's Golden Medical Discovery. It directly reanimates the liver and diges-

tive organs and gives them power to produce an abundant supply of pure, red, life-giving blood which stops the wasting pro-cess and creates fresh tissue, healthy fiesh

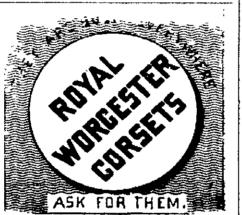

cess and creates fresh tissue, healthy flesh and permanent strength.

It is the invention of an educated and widely experienced physician. Dr. Pierce has been for nearly thirty years chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N.Y. His 1000-page illustrated book, "The People's Common Sense Medical Adviser," will be sent free for the cot of mailing only: at one. free for the cost of mailing only: 21 one-cent stamps, or cloth-bound for 31 stamps. It is of priceless value in any home. One chapter gives a full account of some astonishing recoveries of apparently hopeless victims of lung and throat affections and other wasting diseases which seemed be-youd the reach of medicine.

SOAT RACE PUSTPONEU. Storm Made It Messenry For the Crows to Walt Till This Afternoom.

NEW LONDON, Conn., June 23 .- The day opened with the brightest prospects for the triangular varsity race between Harvard, Yale and Cornell, and developed into one of the most disagreeable and aggravating in the history of boat racing at New London. A bright sun, a clear sky and only a light breeze in the early morning promised perfect conditions for the race. At 9 o'clock the breeze had stiffened and roughened the surface of the river a bit, but the weather prophets declared that it would not hold and that the course would be in perfect condition by race time.

The host of visitors that arr.v d on the morning trains and boats congratulated each other on the beauty of the day, and the oarsmen, always cranky about weather conditions, were apparently satisfied. At noon, however, the breeze freshened, clouds appeared on the horizon and an hour later a light shower was falling at the starting point.

The squall swept rapidly down the river. It cleared again, and the referee's boat, the press tug and the observation train moved up to the starting point. The Cornell crew went out from their quarters in their launch about 2 o'clock, but before they reached the start rain was falling again heavily and the little steamer ran across to Red Top. The referee's boat also crossed over,

and after a consultation with the Harvard and Cornell managers Referee Melkleham announced that the contest would be deferred until 3:15 o'clock. The boat then ran up to Gale's Ferry and made the same announcement to

Coach Cook. The storm increased in intensity, however, instead of clearing, and, with Mr. Cook aboard, the referee's aunch returned to Red Top. After another consultation it was

gain decided to postpone the race and iy to row it in the evening if the wither would permit. By this time a heavy thunderstorm was raging over the whole length of the course. The spectators on the exposed observation train were drenched, and the crowds at every vantage point had scurried to shelter. Only the boats anchored at the finish line remained in sight.

The storm kept up until almost dark, and it was finally decided to postpone the race until 12:30 this afternoon. Cornell is still a favorite in the betting.

IN CONGRESS YESTERDAY.

Senator White Continues His Argoment Against Annexation.

WASHINGTON, June 23 .- Opponents of the annexation of Hawaii again cccupied the attention of the senate yesterday. Mr. White (Dem., Cal.) resumed his speech begun Tuesday, but after speaking two hours yielded the floor to Mr. Pettigrew of South Dakota, who discussed the resolutions for an hour and a half. Mr. White has not concluded his speech, Mr. Pettigrew taking up the argument against the resolutions merely to afford him an opportunity to rest.

The conference report on the Indian appropriation bill was presented to the senate and read, but no effort was made to dispose of it. It was sharply criticised, however, and the indications are that its adoption will be contested because of the elimination of the senate free homestead amendment and the acknowledgment of the right in certain circumstances and conditions of Indians to lease mineral lands.

Simpson Denounces Grosvenor.

WASHINGTON, June 23.—Yesterday's session of the house was uneventful with the exception of a brief but severe denunciation by Mr. Simpson (Pop., Kan.) of Representative Grosvenor's speech at the Ohio state Republican convention. The criticised portion was relative to the alleged failure of the Democrats and Populists to vote for appropriation bills succeeding the precipitation of the war and the original appropriation of \$50,000,000 for the national defense.

Fifth Expedition to Manila.

WASHINGTON, June 23 .- According to the views of the war department officials, the possibility is that a fifth expedition from San Francisco to the Philippines may be necessary in order to carry the full quota of General Merritt's men who are to be sent to re-enforce Admiral Dewey. Assistant Secre tary Meiklejohn, while without any in formation on the subject, is of the opin ion that the first expedition has by this

time arrived at Manila. The orders to the ships were to return to San Francisco after landing the mer and discharging their cargoes. Mean while the department is after addition al transports. The question of secur ing the ships of the Northern Pacific company, concerning which there is some doubt because of the provisions of the British navigation laws, is stil undecided.

Gold Brick Operator Convicted.

PLYMOUTH. Mass., June 23.-John Reed, the gold brick operator, was convicted in the superior court here yesterday and sentenced to not less than three nor more than four years in state prison. Reed arrived from the Charlestown state prison on the morning train, He was charged with the larceny of \$4,500 from Martin Wood of Bridgewater on Sept. 20 last.

Charged With Murdering His Brother. WILKESBARRE, Pa., June 23 .-- Patrick Huston of Pittston was lodged in jail here yesterday charged with the murder of his brother John. The dead body of the latter, with a bullet hole in his head, was found on a lonely road at Pittston last Sunday morning. The prisoner claims to be innocent of the

Sailors Esten by Sharks.

SYDNEY, June 23 .- One of the boats of the Russian ship Bay of Naples, Captain Ceder, from Port Natal April 23 for Tchio, capsized yesterday off Noumea, capital of New Caledonia, and 14 sailors were devoured by sharks.

Grover Goes Visiting.

PRINCETON, N. J., June 23.-Groves Cleveland, accompanied by Mrs. Clevesand and their four children, left in a private car yesterday afternoon for Greenwich, Conn., where they will visit Mr. E. C. Benedict. Requirer In Commission.

Rumors That the Regent Is About to Abdicate.

SPAIN'S INNUMERABLE TROUBLES.

No Rest For the Wicked ... Fears For Acc. gusti's Family—The Cadiz First—i oreign Warships Said to Lave Landed Men at Munils.

LONDON, June 23.-The Vienna correspondent of The Daily Telegraph

'All the information that reaches here from Madrid proves beyond a doubt that the position of the queen regent has become altogether untennble and that her majesty will resign .he regency within a very short period.

"It may prove feasible to establish a regency council under arrangements favorable for the existing dynasty; but, according to present indications, this appears questionable. In well informed quarters here it is believed that the next defeat for the Spaniards will up-set the conditions prevailing in Madria, where the situation is already extremely confused."

The Gibraltar correspondent of The Daily News says:

"No credence need be given to rumors that the Cadiz squadron will return to that port. Admiral Camara could not return without riots at Cadiz and Madrid, particularly as he said at the banquet before his departure that he would never return before his flag had been steeped in American blood. You will find that the next move of the squadron will be to the Canaries."

Reports from Manila, says a special dispatch from Shanghai, indicate the existence of fears that Senora Augusti wife of Captain General Augusti, and her children have been massacred by the rebels in Bulacan.

It is thought, according to the same advices, that this is the reason of the. unwillingness of General Aguinaldo, the insurgent leader, to allow the British consul to start to rescue them. The Pariscorrespondent of The Stand-

"There is no belief here in rumors of peace negotiations, as it is considered altogether improbable that the United States would listen, now that she has

landed troops in Cuba. "The Temps prints a letter giving the view of a leading Conservative statesman at Madrid, emphasizing the necessity of seeking peace as 'the only way of averting civil war or appalling revolution,' The writer says: 'There can be no delusion. Spain's colonial empire is irratrievably lost. In anticipation of dis-

turbances the colonial army ought to be sent to Spain." The Daily News publishes a statement, alleged to come from a correspondent having access to good information, that the occupation of Manila by parts of the crews of foreign warships there is an accomplished fact, although it will probably be three or four days before the official news arrives by way of Hongkong. The communication proceeds to say:

"Over a month ago Admiral Dewey prepared to bombard Manila. At this juncture, however, a new factor was added to the situation. The German consul, acting on precise instructions which had just arrived by the German warship Irene, strongly opposed a bombardment. These instructions were clear and categorical and emanated di-

rectly from Emperor William's cabinet. "It was then that Admiral Dewey asked for re-enforcements and supplied Aguinaldo with arms. While Germany gathered a naval force the intention at Berlin was, if not to take possession of Manila, at least to co-operate in the Admiral Dewest's force ing sufficient to protect German interests. Captain General Augusti had on his part informed his government of the situation, and several interviews took place at Madrid with the German embassador, the result being that it was decided Captain General Augusti should appeal to the foreign warships at Manila, excluding the American, to protect the lives and property of the inhabitants against the insurgents.

"It was an indirect way of capitulating while sparing Spanish amour propre. There is no doubt Admiral von Diederichs has taken command of the forces landed, although he has not taken possession in behalf of Germany. But will he when the American reenforcements arrive be willing to allow his forces to re-embark? The whole question lies there."

Dead Marines Not Mutilated. WASHINGTON, June 23 .- A letter

has been received here by Surgeon General Van Reypen of the hospital ship Solace which the officials think disproves the report that the Spaniards mutilated the bodies of the marines who had been killed in the battle of Guantanamo bay. The surgeon who wrote the letter had an opportunity to examine the dead as well as the wounded, and he writes to Dr. Van Reypen on the subject as follows:

"The wound of exit is an entirely different wound from that made by the Lee rifle. It is a very ugly opening and it led some to suppose that the first dead had been mutilated. This is now believed to be an error."

Blanco Wasn't Shot.

HAVANA, June 23.-It is false that any attempt has been made to murder Captain General Blanco. General Blanco has not been attacked

by any one in any way, nor is he wounded. He is enjoying excellent health. He drives about Havana evenlings, visits the batteries day and night and overlooks the outside zones, always accompanied by only one adjutant.

Germans Enlist In the Navy,

LONDON, June 23.-The semiofficial Post hears from Antwerp that persons commissioned by the Washington government to enlist seamen on neutral soil are said to have enlisted more than 1,000 German sailors for the American navy and the auxiliary cruisers.

This would explain the difficulty German captain have experienced of late in manning their ships.

juffammatory Rhoumatism Carol In Three Bays.

Morton L. Hill. of Lebanon, Ind., says: "My wife had inflammatory rheumation in every muscle and joint, her suffering was terrible and her body and face were swollen beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. J am sure it saved her life." Sold by J. E. Mills, No. 2 Empire Block, Druggist, Middle-

Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25c.

For Over Pitty Years

MRS. WINSEOW'S SOOTHING SYRUP has been used by millions of mothers for their children while veething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of Catting Teeth, send at once and get a bottle of 'Mrs. Winslow's Soothing Syrup' for Children Teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mis-ake about it. It cures Diari hear regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation and gives tone and energy to the whole system 'Mrs. Winslow's Soothing Syrup' for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for 'Mss. Winslow's Soothing Syrup.'

Thousands of persons have been cured of piles by using DeWitt's Witch Hazel Salve. It heals promptly and cores eczema and all skiu diseases. It gives immediate relief. W. D. Olney.

Some Poolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say, 'Oh, it will wear away" but in most cases it will wear them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 25c. and 50c. Trial size free. At all drug-

ORDER OF THE EASTERN STAR.

Mucen Sother Chapter Instituted at

Hofman Lodge Room-Its officers. Oueen Esther Chapter of the Order of the Eastern Star, was organized at Hoffanan Lodge's rooms, Wednesday night, by the ladies of Orange Chapter, No. 33, of Port Jervis. Twenty ladies from that village, headed by Worthy Matron Mrs. Louisa K. Holt, and Associate Matron Mrs. M. F. Terwilliger, and Worthy Patron A. T. Porter, composed the visiting party.

It was expected that Grand Matron Miss Daisy Buttrick, of New York, who has granted the new chapter a year's probationary dispensation would be present, but she did not come. The officers elected were.

Worthy Matron-Mrs. A. E. Luding-

Associate Matron—Mrs. W. G. Tice. Worthy Patron—W. H. Biggin. Treasurer—Mrs. D. C. Roe. Secretary-Mrs. W. H. Biggin. Conductress—Mrs. E. B. Quick, Associate Conductress—Mrs. T. F.

The appointive offices filled are officered -as follows:

Adah-Mrs. R. O. Lewis. Ruth-Mrs. Chas. Puff. Esther-Mrs. J. M. Phillips. Martha-Mrs. W. C. F. Bastian. Electa-Mrs. J. A. Stewart. Organist-Miss Emma Korn,

The chapter will meet, Tuesday night, and decide on what night regular meet-Ings will be held. The originators of the project which

resulted in securing thirty-four charter members, Wednesday night, are Mrs. E. .B. Quick, Mrs. W. G. Tice, Mrs. A. E. Ludington, Mrs. D. C. Roe, Mr. and Mrs. W. H. Biggin and Mrs. T. F. Walsh.

The business meeting was preceded by an elaborate luncheon, served by the ladies of the new chapter.

BANKERS VS. LAWYERS.

A Came of Ball That Will Be Well Worth Seeing. The bankers and lawyers will play a

game of base ball at the Hospital grounds, Saturday afternoon. The game commences at 4 o'clock audno admission fee will be charged.

Payne, H. B. Royce, T. C. Rogers, W. J. Burke, P. A. Rorty, Wm. Webb. Russell Wiggins, L. E. B. Conkleng and Howard Starr.

THIS MORNING'S FIRE ALARM,

The Department Called Out Because of a Burning Chimney at the South End.

An alarm was sent in from box 46, at Genung street and Academy avenue, at To'clock, this morning. The chimney of the house occapied by carpenter Davis, at Bennett street and the Dolsontown road, was on fire, and so alarmed the occupants that the alarm was sent in. The firemen went to the scene with all baste through the muddy streets, but they were not needed. In the absence oi Chief Higham, Assistant Chief Schmitt was in charge.

Has Bought Capt, McIntyre's Business.

Philip Whitlock, who for a number of years has been foreman of the job printing department of the Press office, has bought Capt. McIntyre's job printing and book binding establishment and has taken possession of it. Mr. Whitlock is a young man of high character and has a thorough knowledge of the printing business. He has, too, a large circle of friends and acquaintances, and his business venture will doubtless prove a suc-

A Trump Under the Car Wheels.

A boy tramp, who gave his name as William Hollis, iell under the wheels of a freight train on which he was stealing a ride, near Shohola, Tuesday night. involving a lose of \$35,000.

For the third time in a year the village

Mention this paper when writing. This is a genuine offer and is guaranteed by the publishers of this paper.

"I shall do all I can to recommend Dr. David Kessedy's Faverite Remady for gravel. It cured me." writes J. S. McCormick, U. S. Department Mineral Surveyors, Bliss Station, Idaho

ON THE TIP OF THE TONGUE.

Some of the fishermen are laughing at a pair of very awateurish fishermen who bought one hundred helgramites, four sandwiches and one pint and started for an afternoon's fish at the lower lake. When they reached the Ogden farm they discovered they had brought neither rods nor tackle, and they returned disgustedly to this city, after giving their wrigglers to a boy who only had worm bait. The boy promptly brought the bait to a local dealer here and sold them for \$1.50.

Any mother with children old enough to appreciate the show will miss a lot of satisfaction if she fails to take them to the performance of "Cinderella" in Mr. Gibbs' barn, on West Main street, Saturday afternoon. Eight bright little girls have arranged to produce this little play for the benefit of the Tribune Fresh Air Fund. The entertainment begins at 2:30, and the admission is but ten cents.

The youngsters have gotten this thing up all by themselves, and 'twould be a shame to "frost" them.

A bright pupil at the High School was sent to the blackboard, a few days ago, to work out a problem in averages. She wrestled with it for a long time and finally gave it up, but before she went to her seat wrote this on the board: "This account won't average, Gene Harding must have fixed it."

Honored by New York University.

Mrs. John Pierson, of Otisville has just returned from visiting her daughter. Mrs J. J. Jenkins. While there Mrs. Pierson attended the commencement exercises of the New York University, at the Metropolitan Opera House. J. J. Jenkins had the degree Pd. D. (Doctor of Pedagogy) conferred upon him at that time. Dr. Jenkins was complimented by the faculty for his contribution to educational science in his thesis: "A Study in the Psychology of Number."

Beath of an C. and W. Engineer.

Carlton B. Sanford, an O. and W. engineer, who had been on the road since R.I. the days of the old Midland, and who, D. L. & W. for many years ran the Utica flyer, died at his home in Delhi, Saturday, aged fifty-one years. He had been in failing health for some time and for the last year was able to run but part of the time. The death of his wife, three weeks ago, was a shock from which he could not rally. He was for several years chief of the Walton fire department.

More Recruits Needed For the 24th.

WE DO NOT THINK THAT THE ENTIRE COUNTRY HAS GONE MAD FOR CHEAP CLOTHES.

We believe there are still a large number of people who appreciate quality above prices so low that quality must suffer. It has taken the efforts of a life time to establish our business, which—thanks to our appreciative trade—is of a high order, and we propose to fight it out on these lines of excellence to the end. We may make less money on our goods, but

Prices will suffer, but not quality. If in need, we have the styles that will do the business. Variety and modesty can both be suited here and at a moderate price.
